

All Nigerians in the UK

We wish to inform that the Ag. High Commissioner had a meeting with the chairman of CANUK today, 14th October, 2020, on the need to make passport booklets available to the Mission, so that prospective applicants would be able to receive their new passports after processing.

It is imperative to note that the Mission has engaged the relevant authorities in Nigeria in order to address the matter urgently.

We therefore, implore all Nigerians to continue to be law abiding and contact the Mission always through appropriate channels, to ensure that the harmonious relationship existing between the High Commission and the esteemed Nigerian community in the UK is sustained for the well being and good of our country.

In view of the social distancing protocol, all applicants are advised to use this link: **<http://www.nigeriahc.org.uk/appointment/>** for biometric appointment, after concluding the online application processes. Applicants are equally enjoined to ensure that they have their letters of appointment ready before arriving at the Mission on the date assigned electronically.

Please stay safe.
